What do I do If I want to sell my home?

General · https://enjoycommunities.com/faq/what-do-i-do-if-i-want-to-sell-my-home/

If you want to sell your home, the first thing you need to do is to give Park Management 30 days' notice. After giving proper notice, if you are selling your home to people who want to live in the park, they will need to be approved by Park Management. They can apply through our website by clicking "Apply Now" on the main park page. Once they have completed the application, they will get an answer within 2-3 business days. If they are approved, they can move in once the current resident's account is brought current and the home meets community standards. If you are unable or do not wish to sell your home, contact your community manager and to see if we can make you an offer to buy your home. Please note that you are required to allow the community to match any offers made by those wishing to remove the home from the community. In most instances we are able to beat offers by buyers wishing to move the home since we do not have moving expenses.
